

PRODUCT OVERVIEW

Jones Howard's umbrella model is both fully compliant and highly competitive providing recruitment agencies and contractors with a transparent payroll solution.

Our umbrella product remains an increasingly popular option for recruiters and workers who prefer tax and NI contributions to be paid at source.

Approved by both Professional Passport and APSCo, the umbrella product is supported by an insurance policy (of up to £5m of cover) which provides agency owners and directors with complete protection against any liability or risk of debt transfer.

We have enhanced our umbrella solution with various features to benefit both agencies and contractors in terms of commercial performance and added value.
